Enjoy adventures with Rollz Motion²

This 2-in-1 mobility equipment is perfect for those who want to continue their journey but worry about how far they can go. It allows to walk in comfort and also benefit from the ability to transform it into a wheelchair when needed.

Stylish

Award winning design rollator and wheelchair in one, for going out in style.

Stable

Walk tall and steadily between the ergonomic hand grips that are adjustable in height.

Compact

The Rollz Motion² is easily foldable into a compact package that fits in almost any car.

Manoeuvrable

Light steering and easy motion with the manoeuvrable front wheels.

Convenient

Rest on a comfortable cushioned seat or transform the rollator into a wheelchair and continue the journey while being pushed.

Comfortable

The large rear wheels with soft tyres and foam handles ensure a comfortable walk.
